

```
>> a=[2 1; 4 3]
```

```
a =
```

```
2 1
```

```
4 3
```

```
>> e=inv(a)
```

```
e =
```

```
1.5000 -0.5000
```

```
-2.0000 1.0000
```

compute the inverse of a square matrix
